Brightleaf Solutions Announces Sponsorship of Wolters Kluwer's ELM Solutions User Conference 2020

ELM Amplify will bring together industry leaders, business executives, thought leaders, and solution experts in a travel-free, interactive digital event.

Brookline, MA – Brightleaf Solutions, Inc., a leading provider of contract extraction and analytics solutions for tracking contract data today announced it will be sponsoring Wolters Kluwer's annual ELM Solutions User Conference for 2020. With the current state of the world, the annual user conference has gone virtual!

The registrations for the event that will held from October 20 - 22, 2020 can be done through:

<https://web.cvent.com/event/9606d1ed-c3c1-451d-ac0e-27ac08ef7c51/register>

By registering for the event attendees will get an opportunity to access inspiring keynotes, training sessions, focus groups, panels, and a place to reconnect with your industry peers from your home. The dynamic expert pavilion will allow visitors to meet Wolters Kluwer's experts and key partners in a dynamic setting for product demos with the ability for 1:1 meeting.

"As a partner, we are pleased to participate in ELM Amplify as a Silver Sponsor," said Samir Bhatia CEO of Brightleaf, adding, "Wolters Kluwer is the global market leader for transformative enterprise legal management software that provides solutions to address legal business needs and concerns for corporates and law firms. Nonetheless complete automation of extraction for meta-data from your contracts and migration of this data into an ELM solution is critical to increase customer satisfaction while maximizing revenues and profitability for the company."

Brightleaf's proprietary software helps analyze and extract attributes, provisions, clauses, and even obligations from any type of contractual documents. Using customized configurations tailored to each client's requirements, the software identifies and extracts all the terms and legal provisions from executed contracts and any associated companion documents.

Samir added, "An ELM software cannot be put into its best use unless all the required current and legacy data is uploaded into for efficient legal cost management and analytics."

ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology powered service to extract data from your contracts at extreme accuracy using our own proprietary AI/Semantic Intelligence/Natural Language Processing technology, our own team of lawyers to check the output, and our own Six-Sigma process.

Your legacy contractual documents along with this extracted meta-data can be migrated into a Contract Lifecycle Management (CLM) system for tracking and reporting. This greatly enhances the value of your investment in the system. The data can be virtually anything, and it is customized for each of your type of contracts. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. Our team of lawyers check each-and-every extracted data-point against the original documents using a stringent Six-Sigma quality process, which delivers highly accurate results.

Brightleaf gets recognized very often, including “Company of the Year” as a Contract Management Services provider. Details of this and other recognitions and awards can be found at www.brightleaf.com/awards-recognitions
