# **Brightleaf Solutions Recognized by WorldCC Innovation and Excellence award 2020**

**For being an outstanding service provider and achieving excellent results**

Brookline, MA – Brightleaf Solutions, Inc., a leading provider of technology-powered services and AI solutions to overcome the challenge of extracting important data from structured and unstructured documents is recognized as an outstanding service provider by WorldCC Innovation & Excellence Awards.

The WCC Innovation and Excellence Awards highlight organizations that are achieving the highest standards in the field of contract and commercial management. These awards play an important role to raise awareness regarding how contracts play is crucial to any organization and elevate the role and function of contracting through innovation and operational excellence.

Brightleaf uses its state-of-the-art AI Technology to provide a service to extract information (attributes, provisions obligations, etc.) from client's legacy contracts. Coupled with a thorough review by its team of lawyers, Brightleaf delivers Six-Sigma results to the clients and has helped hundreds of organizations gain greater visibility into their contracts with the transformative power of modern AI technology.

"We are proud to announce that Brightleaf was highly commended as an outstanding service provider at the World Commerce and Contracting Innovation & Excellence Awards. This is a huge testament to our amazing team that has been working tirelessly to build transformative AI solutions towards meeting every possible contract extraction requirement of our clients" said Samir Bhatia, CEO of Brightleaf.

Brightleaf's proprietary software helps analyze and abstract attributes, provisions, clauses, and even obligations from any type of contractual documents. Using customized configurations tailored to each client's requirements, the software identifies and extracts all the terms and legal provisions from executed contracts and any associated companion documents.

"We are committed to advancing the success of these systems by using natural language, artificial intelligence, and machine learning technologies to extract data from legacy and active contracts to be populated into the system for better reporting and making informed decisions," added Samir

## ABOUT BRIGHTLEAF SOLUTIONS, INC.

Brightleaf provides a technology powered service to extract data from your contracts at extreme accuracy using our own proprietary AI/Semantic Intelligence/Natural Language Processing technology, our own team of lawyers to check the output, and our own Six-Sigma process.

Your legacy contractual documents along with this extracted meta-data can be migrated into a Contract Lifecycle Management (CLM) system for tracking and reporting. This greatly enhances the value of your investment in the system. The data can be virtually anything, and it is customized for each of your type of contracts. All meta-data, terms and conditions, legal provisions, and even all obligations (which are usually scattered throughout your contracts) are extracted by our software. Our team of lawyers check each-and-every extracted data-point against the original documents using a stringent Six-Sigma quality process, which delivers highly accurate results.

Brightleaf gets recognized very often, including “Company of the Year” as a Contract Management Services provider. Details of this and other recognitions and awards can be found at [www.brightleaf.com/awards-recognitions](http://www.brightleaf.com/awards-recognitions)
